

WHAT'S ALL THE BUZZ ABOUT?

*You know that Joseph lived in Egypt...
but did you know Egypt is in Africa?*

Even back then, mosquitoes were a problem in Africa – in fact the hieroglyphics at the top of this page spell 'mosquitoes!'

Once again this year, Crossroads of Faith's Missions Ministry is teaming with **Nothing But Nets** to save lives by preventing malaria, a leading killer of children in Africa.

What can I do?

Kids - Bring your pennies and other change to VBS every evening and put them in 'the net'.

Parents – we are challenging our Crossroads family to skip a lunch or that morning gourmet coffee or that McDonald's breakfast for only one morning. Bring the money you save and put it in 'the net'.

Each \$10 donated will buy a net for a child in Africa. Continue to save lives by spreading the word and getting your friends and family involved.

**Together we can make a difference!
Malaria kills. Send a net. Save a life.**

And **THAT** is what all the BUZZ is about!
