

Christian Education Ministry

We might be better titled as the 'Christian Enrichment Ministry.' It's not about teaching, it's about growth. It's not about kids, it's about everyone. We look at not only where we are today, but envision the future of Crossroads and where the CE ministry can help bring that vision to reality. It's not just for now... it's for life.

“Ministry is making an invisible God visible.”

- Phil Vischer

- It's not about teaching – it's about growth.
- It's not just about kids – it's about everyone.
- It's not about being here – it's about being involved.
- It's not just for now – ***it's for life!***
